QUESTIONS AND ANSWERS

Q: *Why am I receiving these materials?*

A: The board of directors (the "Board") of Unit Corporation, a Delaware corporation, is providing these proxy materials to you in connection with the company's annual meeting of stockholders, which will take place on May 4, 2005. As a stockholder, you are invited to attend the annual meeting and are entitled to and requested to vote on the items of business described in this proxy statement.

Q: *Who can vote?*

A: You can vote if you were a stockholder at the close of business on the record date, March 7, 2005. On that date, there were 45,838,644 shares outstanding and entitled to vote at the annual meeting.

Q: *What information is contained in this proxy statement?*

A: The information included in this proxy statement relates to the proposals to be voted on at the annual meeting, the voting process, the compensation of directors and most highly paid executive officers and certain other required information.

Q: *How may I obtain the company's 10-K?*

A: A copy of our 2004 Form 10-K can be obtained at no charge from:

Unit Corporation
Attn: Investor Relations
7130 South Lewis, Suite 1000
Tulsa, Oklahoma 74136
(918) 493-7700
<http://www.unitcorp.com>

The company will also furnish any exhibit to the 2004 Form 10-K if specifically requested.

Q: *Who can attend the meeting?*

A: All stockholders can attend.

Q: *What am I voting on?*

A: You are voting on:

- The election of three nominees as directors for terms that expire in 2008. The Board's nominees are King P. Kirchner, Don Cook and J. Michael Adcock.
- The ratification of the appointment of PricewaterhouseCoopers LLP as independent registered public accounting firm for 2005.

The three nominees for director who receive the most votes will be elected. For the other proposal to be approved, more votes must be cast for it than against it.

Q: *How do I cast my vote?*

A: If you hold your shares as a stockholder of record, you can vote in person at the annual meeting or you can vote by mail, telephone or the Internet. If you are a street-name stockholder, you will receive instructions from your bank, broker or other nominee describing how to vote your shares.

The enclosed proxy contains instructions for mail voting or for voting by way of telephone or the Internet. The proxies identified on the back of the proxy will vote the shares of which you are the stockholder of record in accordance with your instructions. If you submit a proxy without giving specific voting instructions, the proxies will vote those shares as recommended by the Board.

Q: *How does the Board recommend I vote on the proposals?*

A: The Board recommends you vote **for** each of the proposals.

Q: *Can I revoke my proxy?*

A: Yes. You can revoke your proxy by:

- Submitting a new proxy;
- Giving written notice before the meeting to our Corporate Secretary stating that you are revoking your proxy; or

- Attending the meeting and voting your shares in person.

Q: *Who will count the vote?*

A: Mellon Investor Services LLC, our transfer agent, will count the vote. Representatives of Mellon Investor Services LLC will also act as the inspectors of election.

Q: *What is a "quorum"?*

A: A quorum is the number of shares that must be present to hold the annual meeting. The quorum requirement for the annual meeting is a majority of the outstanding shares as of the record date, present in person or represented by proxy. If you submit a valid proxy or attend the annual meeting, your shares will be counted to determine whether there is a quorum.

Abstentions and broker non-votes count toward the quorum. "Broker non-votes" occur when nominees (such as banks and brokers) that hold shares on behalf of beneficial owners do not receive voting instructions from the beneficial owners by 15 days before the meeting and do not have discretionary voting authority to vote those shares.

Q: *What is the difference between holding shares as a stockholder of record and as a beneficial owner?*

A: Most company stockholders hold their shares through a broker or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of Record: If your shares are registered directly in your name with the company's transfer agent, Mellon Investor Services LLC, you are considered, with respect to those shares, the *stockholder of record*, and these proxy materials are being sent directly to you by the company. As the *stockholder of record*, you have the right to grant your voting proxy directly to the company or to vote in person at the meeting. The company has enclosed or sent a proxy card for you to use.

Beneficial Owner: If your shares are held in a brokerage account or by another nominee, you are considered the *beneficial owner* of shares held *in street name*, and these proxy materials are being forwarded to you together with a voting instruction card. As the beneficial owner, you have the right to direct your broker, trustee or nominee how to vote and are also invited to attend the annual meeting.

Since a beneficial owner is not the *stockholder of record*, you may not vote these shares in person at the meeting unless you obtain a "legal proxy" from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the meeting. Your broker, trustee or nominee has enclosed or provided voting instructions for you to use in directing the broker, trustee or nominee how to vote your shares.

Q: *Will broker non-votes or abstentions affect the voting results?*

A: In tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered entitled to vote on that proposal. Thus, broker non-votes will not affect the outcome of any matter being voted on at the meeting, assuming that a quorum is obtained. Abstentions have the same effect as votes against the matter.

Q: *What shares are included on my proxy?*

A: Your proxy represents all shares registered to your account in the same social security number and address.

Q: *What does it mean if I get more than one proxy?*

A: Your shares are probably registered in more than one account. You should vote each proxy you receive. We encourage you to consolidate all your accounts by registering them in the same name, social security number and address.

Q: *How many votes can I cast?*

A: On each matter, including each director position, you are entitled to one vote per share.

Q: *What happens if additional matters are presented at the annual meeting?*

A: Other than the two items of business described in this proxy statement, we are not aware of any other business to be acted on at the annual meeting. If you grant a proxy, the persons named as proxyholders, Larry D. Pinkston and Mark E. Schell, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any unforeseen reason any of our nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Board on the recommendation of the Nominating & Governance Committee.

Q: *What is the deadline to propose actions for consideration at next year's annual meeting of stockholders or to nominate individuals to serve as directors?*

A: You may submit proposals, including director nominations, for consideration at future stockholder meetings.

Stockholder Proposals: For a stockholder proposal to be considered for inclusion in the company's proxy statement for next year's annual meeting, the written proposal must be received by our Corporate Secretary at our principal executive offices no later than December 5, 2005. If the date of next year's annual meeting is moved more than 30 days before or after the anniversary date of this year's annual meeting, the deadline for inclusion of proposals in the company's proxy statement is instead a reasonable time before the company begins to print and mail its proxy materials. Such proposals also will need to comply with Securities and Exchange Commission regulations under Rule 14a-8 regarding the inclusion of stockholder proposals in company-sponsored proxy materials. Proposals should be addressed to:

Corporate Secretary
Unit Corporation
7130 South Lewis, Suite 1000
Tulsa, Oklahoma 74136
Fax: (918) 493-7711

For a stockholder proposal that is not intended to be included in the company's proxy statement under Rule 14a-8, the stockholder must deliver a proxy statement and form of proxy to holders of a sufficient number of shares of the company common stock to approve that proposal, provide the information required by the bylaws of the company and give timely notice to the Corporate Secretary of the company in accordance with the bylaws of the company, which, in general, require that the notice be received by the Corporate Secretary of the company:

- Not earlier than the close of business on November 21, 2005, and
- Not later than the close of business on December 21, 2005.

If the date of the stockholder meeting is moved more than 30 days before or 70 days after the anniversary of the company's annual meeting for the prior year, then notice of a stockholder proposal that is not intended to be included in the company's proxy statement under Rule 14a-8 must be received no earlier than the close of business 120 days before the meeting and no later than the close of business on the later of the following two dates:

- 90 days prior to the meeting; and
- 10 days after public announcement of the meeting date.

Nomination of Director Candidates: You may propose director candidates for consideration by the Board's Nominating & Governance Committee. Any such recommendations should include the nominee's name and qualifications for Board membership and should be directed to the Corporate Secretary of the company at the address of our principal executive offices set forth above. In addition, the

bylaws of the company permit a stockholder to nominate directors for election at an annual stockholder meeting. To nominate a director, the stockholder must deliver a proxy statement and form of proxy to holders of a sufficient number of shares of the company common stock to elect such nominee and provide the information required by the bylaws of the company, including a statement by the stockholder identifying (i) the name and address of such stockholder, as they appear on the company's books, and of such beneficial owner, (ii) the class and number of shares of capital stock of the company which are owned beneficially and of record by such stockholder and such beneficial owner, (iii) a representation that the stockholder is a holder of record of stock of the company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to propose such business or nomination, and (iv) a representation whether the stockholder or the beneficial owner, if any, intends or is part of a group which intends (A) to deliver a proxy statement and/or form of proxy to holders of at least the percentage of the company's outstanding capital stock required to approve or adopt the proposal or elect the nominee and/or (B) otherwise to solicit proxies from stockholders in support of such proposal or nomination. In addition, the stockholder must give timely notice to the Corporate Secretary of the company in accordance with the bylaws of the

company, which, in general, require that the notice be received by the Corporate Secretary of the company within the November 21, 2005 through December 21, 2005 time period described above.

Copy of Bylaw Provisions: You may contact the company Corporate Secretary at our principal executive offices for a copy of the relevant bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates. The company's bylaws are also available on the company's website at <http://www.unitcorp.com>.

Q: *How is this proxy solicitation being conducted?*

A: We hired Regan & Associates, New York, New York, to assist in the distribution of proxy materials and solicitation of votes for a fee of \$7,000 with all of their out-of-pocket expenses included. We will reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to stockholders. Some of our employees may also solicit proxies. Regan & Associates and our employees may solicit proxies in person, by telephone and by mail. None of our employees will receive special compensation for these services, which the employees will perform as part of their regular duties.

CORPORATE GOVERNANCE AND BOARD MATTERS

We are committed to having sound corporate governance principles. Our Corporate Governance Guidelines and Code of Business Conduct and Ethics are available at <http://www.unitcorp.com/corpgov.html>. These provisions are applicable to our employees, including our principal executive officer and principal financial officer. We intend to post amendments to or waivers from our Code of Business Conduct and Ethics (to the extent applicable to the company's chief executive

officer or principal financial officer) on our website.

Board Independence

The Board has determined that all of the current directors, except Messrs. King Kirchner, John Nikkel and Larry Pinkston, have no material relationship with the company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the company) and is independent within the

meaning of the company's director independence standards, which reflect the New York Stock Exchange ("NYSE") director independence standards, as currently in effect and as they may be changed from time to time. As part of its ongoing determinations regarding director independence, the Board recently reviewed a proposal by the company under which the company may in the future hire the services of a third party consulting group to assist the company in evaluating a pending business opportunity. Mr. Adcock, one of our directors, is the beneficial owner of a majority interest in the consulting group. After its review, which included consideration of the nature of the consulting services, the short period of time for which the company proposed to engage these services (less than three months), and the total fee involved (less than \$60,000), the Board unanimously determined that if entered into, this engagement would not compromise Mr. Adcock's independence as a director but would, under SEC Rule 10A-3, require that Mr. Adcock resign from the company's Audit Committee. Accordingly, Mr. Adcock has agreed to resign from the company's Audit Committee in the event the company does enter into this engagement. Furthermore, the Board has determined that each of the members of its various committees has no material relationship with the company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the company) and is "independent" within the meaning of the company's director independence standards.

Director Independence Criteria

The Board has defined an independent director as a director who meets all of the following criteria:

- is not an employee or member of management of the company or any of its subsidiaries;
- no immediate family member is an executive officer of the company;
- neither the director or an immediate family member receives more than \$100,000 per year from the company, other than director and committee fees

or deferred compensation for prior services;

- is not affiliated with or employed by, and does not have an immediate family member who is, a present or former external auditor of the company;
- has no material relationship with the company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the company), for this purpose material relationships can, for example, include commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships;
- has no other relationships with the company or its subsidiaries that would interfere in the exercise of independent judgment as a director;
- does not accept any consulting, advisory or other compensatory fee from the company except fees received for service as a director;
- is not, and is not affiliated with a company that is, an adviser or consultant to the company or a member of the company's senior management;
- is not an executive officer or an employee, and whose immediate family member(s) is not an executive officer, of a company (A) that accounts for 2 percent or more of the company's consolidated gross revenues, or (B) for which the company accounts for at least 2 percent or \$1 million, whichever is greater, of such company's consolidated gross revenues;
- has no personal services contract(s) with the company, or a member of the company's senior management;
- is not affiliated with a not-for-profit entity that receives significant contributions from the company;
- within the last five years, has not had any business relationship with the company (other than service as a

director) for which the company has been required to make disclosure under Regulation S-K of the Securities and Exchange Commission; and

- is not employed by a public company at which an executive officer of the company serves as a director.

Disqualifying relationships

Any person who, or whose immediate family member(s), has within the prior five years had any of the following relationships with the company does not qualify as an independent director.

- Former employees. A person who, or whose immediate family member(s) is, a former employee of the company or its subsidiaries, or who is affiliated with such an employee, cannot be an "independent director" until five years after the end of the employment or affiliation.
- Significant Customers and Vendors. A person who is an executive officer or an employee, or whose immediate family member(s) is an executive officer, of a company (A) that accounts for 2 percent or more of the company's consolidated gross revenues, or (B) for which the company accounts for at least 2 percent or \$1 million, whichever is greater, of such other company's consolidated gross revenues, cannot be an "independent director" until five years after falling below such threshold.
- Former auditor. A person who, or whose immediate family member(s), is an auditor of the company or its subsidiaries, or who is employed by a present or former auditor of the company or its subsidiaries, or who is affiliated with such auditors, cannot be an "independent director" until five

years after the end of the affiliation or the auditing relationship.

- Interlocking directorships. A person who, or whose immediate family member(s), is employed by a company as to which an executive officer of the company serves as a director and member of the compensation committee for that company cannot be an "independent director" until five years after the end of employment by that company or service by the executive officer on the compensation committee of that company.

The Chair of the Nominating & Governance Committee has been designated as the person to receive communications directed to non-management directors.

Consideration of Director Nominees

Stockholder nominees: The policy of the Nominating & Governance Committee is to consider properly-submitted stockholder nominations for candidates for membership on the Board as described below under "Identifying and Evaluating Nominees for Directors." In evaluating such nominations, the Nominating & Governance Committee seeks to achieve a balance of knowledge, experience and diversity on the Board. Any stockholder nominations proposed for consideration by the Nominating & Governance Committee should include the nominee's name and qualifications for Board membership and should be addressed to:

Corporate Secretary
Unit Corporation
7130 South Lewis, Suite 1000
Tulsa, Oklahoma 74136

In addition, our bylaws permit stockholders to nominate directors for consideration at an annual stockholders meeting. For a description of the process for nominating directors in accordance with our bylaws, see "Questions and Answers-What is the deadline to propose actions for consideration at next year's annual meeting of stockholders or to nominate individuals to serve as directors?" on page 3.

Director Qualifications: Our Corporate Governance Guidelines contain Board membership criteria that apply to Nominating & Governance Committee-recommended nominees for a position on the company's Board. Under these criteria, members of the Board should meet the Board's qualifications as independent (as applicable) and should have sufficient time to carry out their duties and to provide insight and practical wisdom based on experience. Their service on other boards of public companies should be limited to a number that permits them, given their individual circumstances, to perform responsibly all director duties. Each director must represent the interests of the company and its stockholders.

Identifying and Evaluating Nominees for Directors: The Nominating & Governance Committee uses a variety of methods for identifying and evaluating nominees for director. The Nominating & Governance Committee regularly assesses the appropriate size of the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated or otherwise arise, the Nominating & Governance Committee considers various potential candidates for director. Candidates may come to the attention of the Nominating & Governance Committee through current Board members, professional search firms, stockholders or other persons. These candidates are evaluated at regular or special meetings of the Nominating & Governance Committee and may be considered at any point during the year. As described above, the Nominating & Governance Committee considers properly-submitted stockholder nominations for candidates for the Board. Following verification of the stockholder status of persons proposing candidates, recommendations are considered by the Nominating & Governance Committee. If any materials are provided by a stockholder in connection with the nomination of a director candidate, such materials are forwarded to the Nominating & Governance Committee. The Nominating & Governance Committee also reviews materials provided by professional search firms or other parties in connection with a nominee who is not proposed by a stockholder.

Executive Sessions

Executive sessions of non-management directors are held as needed during the year. The sessions are scheduled and chaired by Mr. J. Michael Adcock who was elected by the Board to Chair each executive session. Any non-management director can request that an executive session be scheduled.

Communications with the Board

Individuals may communicate with the Board by submitting an e-mail to the company's Board in care of the company's Corporate Secretary at mark.schell@unitcorp.com or sending a letter to: Board of Directors, c/o Corporate Secretary, Unit Corporation, 7130 S. Lewis, Suite 1000, Tulsa, Oklahoma 74136.

Board and Committee Evaluations

Each year the Board evaluates its performance and effectiveness. Each director completes a Board evaluation form developed by the Nominating & Governance Committee to solicit feedback on specific aspects of the Board's role, organization and meetings. The collective ratings and comments are then compiled by the Chairman of the Nominating & Governance Committee and presented by him to the full Board. Additionally, each Board committee conducts an annual self-evaluation of its performance through a Committee evaluation form.

Stock Options.

Under a plan approved by our stockholders, each non-employee director automatically receives an option to purchase 3,500 shares of common stock on the first business day following each annual meeting of our stockholders. The option exercise price is the fair market value of our common stock on such date. Payment of the exercise price may be made in cash or in shares

of common stock that have been held by the director for at least one year. No stock option may be exercised during the first six months of its term except in the case of death. Each option has a ten-year term. In 2004, stock options were granted for an aggregate of 24,500 shares at \$28.23 per share. As of March 8, 2005, 90,500 shares were subject to outstanding options.

ITEM 1: ELECTION OF DIRECTORS

Item 1 is the election of three directors to the Board. Our Certificate of Incorporation provides that the number of directors the company may have may not be less than three nor more than ten. Our Board currently is composed of eight members and is divided into three classes with each director serving for a three-year term. At each annual meeting, the term of one class expires. The term of service for those directors serving in Class III expires at this meeting.

We know of no reason why any nominee may be unable to serve as a director. If any nominee is unable to serve, your proxy may vote for another nominee proposed by the Board, or the Board may reduce the number of directors to be elected.

If any director resigns, dies or is otherwise unable to serve out his or her term, or the Board increases the number of directors, the Board may fill the vacancy or elect the new director.

Our Nominating & Governance Committee has recommended, and the Board has approved, the nominees listed below to stand for election. Information concerning each nominee and each continuing director is provided below.

**THE BOARD OF DIRECTORS
RECOMMENDS THAT YOU VOTE IN
FAVOR OF ELECTING THE THREE
NOMINEES.**

Stock Options

outstanding as of December 31, 2004 for each named officer.

AGGREGATE OPTION EXERCISES IN 2004 AND FISCAL YEAR END OPTION VALUES						
(a)	(b)	(c)	(d)		(e)	
Name	Shares Acquired on Exercise (#)	Value Realized (\$) ⁽¹⁾	Number of Securities Underlying Unexercised Options at FY-End (#)		Value of Unexercised In-the-Money Options at FY-End (\$) ⁽²⁾	
			Exercisable	Unexercisable	Exercisable	Unexercisable
John G. Nikkel	30,500 ⁽³⁾	648,530	29,000	31,000	583,580	558,620

David T. Merrill	0	0	1,600	11,400	25,962	106,048
Philip M. Keeley	19,000 ⁽⁴⁾	191,085	0	0	0	0

Notes to Table:

- (1) Value realized equals fair market value of the stock on date of exercise, less the exercise price, times the number of shares acquired.
- (2) The value of unexercised in-the-money options at year end assumes a fair market value for the company's common stock of \$38.27, the average of the high and low prices of the company's common stock on the New York Stock Exchange on December 31, 2004. Value is calculated on the basis of the difference between \$38.27 and the option exercise price multiplied by the number of shares of common stock underlying the options.
- (3) As provided under our Stock Option Plan, Mr. Nikkel elected to pay the exercise price for these shares by having the total exercise price otherwise due netted against the number of option shares. As a result, of the 30,500 option shares, he received a total of 26,514 shares of common stock.
- (4) As provided under our Stock Option Plan, Mr. Keeley elected to pay the exercise for 16,000 of these shares by having the total exercise price otherwise due netted against the number of option shares. As a result, of the 19,000 option shares, he received a total of 7,890 shares of common stock.

OPTIONS GRANTED IN 2004

Name	Individual Grants ⁽¹⁾				Potential Realizable Value at Assumed Annual Rate of Stock Price Appreciation for Option Terms ⁽³⁾	
	Number of Securities Underlying Options Granted (#)	Percent of Total Options Granted to Employees In 2004 ⁽²⁾	Exercise Price (\$/Sh)	Expiration Date	5% (\$)	10% (\$)
	(a)	(b)	(c)	(d)	(e)	(f)
Larry D. Pinkston	10,000	7.4%	\$37.83	12/14/14	237,911	602,913
Mark E. Schell	8,500	6.3%	\$37.83	12/14/14	202,224	512,476
David T. Merrill	5,000	3.7%	\$37.83	12/14/14	118,955	301,456

Notes to Table:

- (1) All options were granted on December 14, 2004 at an exercise price equal to the closing market price of the common stock on the date of grant. All of the options vest in 20% annual increments commencing 12 months after their date of grant. All options vest immediately in the event of a "change in control," as defined in the plan.
- (2) Based on a total of 134,500 options being granted to certain employees during fiscal 2004.
- (3) Caution is recommended in interpreting the financial significance of these figures. They are calculated by multiplying the number of options granted by the difference between a future hypothetical stock price and the option exercise price and are shown pursuant to rules of the Securities and Exchange Commission. They assume the value of the company common stock appreciates 5% and 10% each year, compounded annually, for ten years (the life of each option). They are not intended to forecast possible future appreciation, if any, of such stock price or to establish a present value of options. Also, if appreciation does not occur at the 5% or 10% per year rate, the amounts shown would not be realized by the year 2014. Depending on inflation rates, these amounts may be worth significantly less in 2014, in real terms, than their value today.

Long Term Performance Plans and Pension Plans

We do not currently have any long term performance plans or pension plans.

TERMINATION OF EMPLOYMENT AND CHANGE IN CONTROL ARRANGEMENTS

Stock Option Plan

As allowed for in our stock option plan, each option agreement contains a provision vesting all stock options in the event of a "change-in-control" of us. A "change-in-control" is deemed to have occurred at such time as any person or group, other than Unit or an Exempt Person, is or becomes the beneficial owner, directly or indirectly, of our securities representing 50% or more of the combined voting power of our then outstanding securities. An Exempt Person is generally defined to be any person (or estate or trust of such person) who, on the date of the plan, owned securities representing more than 20% of the combined voting power of our then

outstanding securities, and any spouse, parent or issue of such person.

Separation Benefit Plan

On December 20, 1996, effective as of January 1, 1997, the Board adopted the Separation Benefit Plan of Unit Corporation and Participating Subsidiaries (the "Plan"). The Plan is generally applicable to all of our full-time salaried employees and to the employees of our subsidiaries, who have been with their employer for at least one year. Subject to the terms of the Plan, any eligible employee whose employment is terminated is entitled to receive a separation

benefit in an amount calculated by dividing the eligible employee's average annual base salary in effect immediately prior to such employee's separation by 52 to determine a weekly separation benefit amount. The number of weekly separation benefit payments then payable to an eligible employee is calculated based on the employee's years of service in accordance with a schedule set forth in the Plan. Employees who voluntarily leave their employment are not entitled to receive a separation benefit unless they have completed at least 20 years of service. Any eligible employee who has completed 20 years of service or more is vested in his or her separation benefit, subject to fulfilling the other requirements of the Plan. Separation benefit payments are limited to a maximum of 104 weekly payments. The Plan also provides that, unless otherwise provided by our Board prior to a "change-in-control" of us, as defined in the Plan, all eligible employees shall be vested in their separation benefit as of the date of such "change-in-control" based on their years of service. As a condition to receiving the separation benefits, employees must sign a separation agreement waiving any claims the employee may have against our subsidiaries or us.

Senior Management Separation Benefit Plan

On October 28, 1997, the board adopted the Separation Benefit Plan for Senior Management. This plan is similar in terms to the benefits and requirements described above for the Separation Benefit Plan, with the exception that the Compensation Committee determines who will participate in this plan. In addition, the Committee is given the authority to increase (up to a maximum of 104) the number of weekly separation benefit payments a participant would otherwise be entitled to receive under the plan if the participant is involuntarily terminated.

Effective with their retirement from the company, Mr. Keeley and Mr. Lamborn are receiving payments under these plans. Their compensation is paid out over a period not to exceed 26 months.

The following table identifies the amounts due to our retired former executive officers under the Separation Benefit Plan or the Senior Management Separation Benefit Plan and the amount paid to each as of December 31, 2004:

Individual	Total Amount Earned Under Plan	Amount Paid As of 12/31/04
Earle Lamborn	\$410,000	\$196,458
Philip M. Keeley	\$315,384	\$136,666

Change of Control Arrangements

We have entered into key employee change of control contracts with Messrs. Nikkel, Pinkston, Schell, Merrill and Belitz. Mr. Belitz is our Controller. These severance contracts have an initial three-year term that is automatically extended for one year upon each anniversary, unless a notice not to extend is given by us. If a change of control of the company (as defined below) occurs during the term of the severance contract, then the contract becomes operative for a fixed three-year period. The severance

contracts generally provide that the executive's terms and conditions of employment (including position, work location, compensation and benefits) will not be adversely changed during the three-year period after a change of control. If the executive's employment is terminated by the company (other than for cause, death or disability), the executive terminates for good reason during such three-year period, or the executive terminates employment for any reason during the 30-day period following the first

anniversary of the change of control, and upon certain terminations prior to a change of control or in connection with or in anticipation of a change of control, the executive is generally entitled to receive the following payment and benefits:

- earned but unpaid compensation;
- up to 2.9 times the executive's base salary plus annual bonus (based on historic annual bonus); and
- the company matching contributions that would have been made had the executive continued to participate in the company's 401(k) plan for up to an additional three years.

In addition, the severance contract provides for a continuation of various medical, dental, disability and life insurance plans and financial counseling for a period of up to three years, outplacement services and the payment of all legal fees and expenses incurred by the executive in enforcing any right or benefit provided by the severance contracts. The severance contract provides that the executive is entitled to receive a payment in an amount sufficient to make the executive whole for any excise tax on excess parachute payments imposed under Section 4999 of the Code. As a condition to receipt of these severance benefits, the executive must remain in the employ of the company and render services commensurate with his position. The executive must also agree to retain in confidence any and all confidential information known to him concerning the company and its business so long as the information is not otherwise publicly disclosed. As of the date of this proxy statement, no amounts have been paid under the severance contracts.

For purposes of the severance contracts, a change of control is generally defined as:

(1) Any individual, entity or group acquiring beneficial ownership of 15% or more of either the outstanding shares of the company's common stock or the combined voting power of the outstanding voting securities of the company entitled to vote generally for the election of directors;

(2) Individuals who constitute the Board on the date hereof cease to constitute a majority of the Board, provided that an individual whose election or nomination as a director is approved by a vote of at least a majority of the directors as of the date hereof will be deemed a member of the incumbent Board;

Retirement or Consulting Agreements

In connection with the retirement of Mr. King Kirchner from his position as Chief Executive Officer of the company, we entered into a Separation Agreement with Mr. Kirchner on May 11, 2001. Under this agreement, Mr. Kirchner is entitled to receive a total of \$2.4 million. For the first two years under the agreement, Mr. Kirchner received the payments due him under the terms of the company's Separation Benefit Plan for Senior Management or a total of \$560,000. Then, commencing in July 2003 (to continue through June 2009), Mr. Kirchner is receiving the \$1,840,000 balance at the rate of \$300,000 per year paid in monthly

installments of \$25,000. As of December 31, 2004, Mr. Kirchner had received monthly payments totaling \$450,000.

We have also entered into an agreement with our current Chief Executive Officer, Mr. Nikkel, providing for him to serve as a consultant to the company on his retirement April 1, 2005. Under this agreement, Mr. Nikkel will serve as a consultant, on an annual basis, for \$70,000 per

year and we will provide him with office space and secretarial services for the time he serves as a consultant. In addition, at its February 2005 meeting, our Compensation Committee elected to reward Mr. Nikkel for his 21 years of service to the company by awarding him with a cash bonus of \$750,000 payable in 24 monthly installments commencing on the 20th month following his retirement on April 1, 2005.

REPORT OF THE COMPENSATION COMMITTEE

The following report of the Compensation Committee shall not be incorporated by reference into any of our prior filings under the Securities Act of 1933 or the Securities Exchange Act of 1934 that incorporated future filings or portions thereof (including this proxy statement or the "Executive Compensation" section of this proxy statement), except to the extent that we specifically incorporate this information by reference.

The Compensation Committee is responsible for determining the compensation of our Chief Executive Officer and for reviewing and recommending to our Board the compensation of our other executive officers. The committee is composed entirely of independent outside directors. There are no interlocking relationships between any of our executive officers and any entity whose directors or executive officers serve on the committee.

Objectives and Considerations

The objectives of the committee in determining executive compensation are to retain and reward qualified individuals serving as our executive officers. To achieve these objectives, the committee relies primarily on:

- salary,
- annual bonuses (awardable either in stock or cash), and
- awards under our stock option plan.

In making its decisions, the committee takes into account the conditions within our industry, our income and cash flow and the attainment of any designated business objectives. Individual

performances are also reviewed, taking into account the individual's responsibilities, experience and potential, his or her period of service and current salary and the individual's compensation level as compared to similar positions at other companies. The committee's evaluation of these considerations is, for the most part, subjective and, to date, it has not established any specific written compensation plans or formulas under which the executive officers' annual compensation is determined.

Base Salary

We do not currently have employment agreements with our executive officers. In determining the base salaries for the executive officers for 2004, the committee relied primarily on its evaluation of the compensation being paid to individuals holding comparable positions in our industry. In doing so, the committee relied on the results of the Mercer Energy Compensation Survey, which surveyed the compensation and benefit programs of a number of oil and gas-related companies, one of which was us. It was the committee's objective to set the executives' base salary at approximately the competitive mid-range reflected in the survey. Within this range, the committee then made any adjustments based on individual performance evaluations. In addition, the committee reviewed the increased responsibilities being handled by Mr. Pinkston in his position as President and COO of the company. Taking these factors into consideration, the committee decided to recommend to the full Board that it increase the 2004 salaries of the following officers by the percentages indicated: Larry D. Pinkston 26%; Mark E. Schell 14% and David T. Merrill 3%.

Bonuses

Executive officers are eligible to earn annual bonuses either in cash or in stock. Stock bonuses are awarded under the bonus plan approved by our stockholders on May 1, 1985 and, as amended, on May 3, 1995. The amount and type of any bonuses awarded to executive officers is determined solely at the subjective discretion of the committee. The committee does not base its decisions on predetermined formulas, choosing instead to rely on its evaluation of the various considerations set forth above. In addition, when appropriate, bonuses are awarded to recognize short-term individual performance.

Stock Options

Stock options are granted under the stock option plan approved by our stockholders on May 2, 1984 and, as amended, on May 3, 1989 and May 3, 1995. The committee believes that stock options provide an incentive for the executive officers to maximize long-term stockholder value. Stock option grants are made at 100% of the market price on the date of grant. Generally, options become exercisable in annual 20% increments after one year and have a ten-year life. The number of options that are granted to an executive officer is based on the individual's performance and level of responsibility. Option awards will vary in size based on position level (more senior managers receive a higher multiple). Stock options are granted to the executive officers at the discretion of the committee. The committee's decisions with respect to awarding stock options are generally made late each year thus allowing the committee to evaluate our annual results as part of its decision-making process.

Chief Executive Officer

Mr. Nikkel's compensation is determined by the committee substantially in accordance with the policies described above relating to all executive

officers. Based on its review, and in particular, the successes attained in the areas of rig growth, oil and gas acquisitions, net income, cash flow and stock performance, the committee chose to raise Mr. Nikkel's 2004 salary by 4.2%.

Deductibility of Compensation Under Internal Revenue Code Section 162 (m)

Section 162(m) of the Internal Revenue Code, adopted in 1993, imposes a \$1 million cap, subject to certain exceptions, on the deductibility to the company of compensation paid to the executive officers named in our proxy statement. Currently, the compensation paid under our stock option plan is not deductible. Cash compensation voluntarily deferred by the executive officers under the deferred compensation plan is not subject to the Section 162(m) cap until the year paid. After reviewing the compensation to be paid in 2004 that was subject to the Section 162(m) cap, the committee did not expect that compensation to exceed \$1 million for any of the named executive officers. Therefore, the committee believes that the company will not be subject to any Section 162(m) limitations on the deductibility of compensation paid to the company's named executive officers for fiscal year 2004.

The committee continues to consider other steps which might be in the company's best interests to comply with Section 162(m), while reserving the right to award future compensation which would not comply with the Section 162(m) requirements for nondeductibility if the committee concluded that this was in the company's best interests.

REPORT OF THE AUDIT COMMITTEE

The following report of the Audit Committee shall not be incorporated by reference into any of our prior filings under the Securities Act of 1933 or the Securities Exchange Act of 1934 that incorporated future filings or portions thereof, except to the extent that we specifically incorporate this information by reference.

The Securities and Exchange Commission rules now require that we include in our proxy statement a report from the Audit Committee of the Board. The following report concerns the committee's activities regarding oversight of our financial reporting and auditing process.

In accordance with its written charter, the Audit Committee of the Board assists the Board in fulfilling its responsibility for oversight of the quality and integrity of our accounting, auditing and financial reporting practices. During the year 2004, the committee met six times. The committee chair, as representative of the committee, discussed the interim financial information contained in each quarterly earnings announcement and Form 10-Q with the CFO and independent registered public accounting firm prior to public release.

The Board and the Audit Committee believe that the Audit Committee's current member composition satisfies the rule of the New York Stock Exchange that governs audit committee composition, including the requirement that audit committee members all be "independent directors" as that term is defined by applicable NYSE rule.

Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The committee reviewed with the independent registered public accounting firm, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of our accounting principles and such other matters as are required to be discussed with the committee under generally-accepted auditing standards, including Statement on Auditing Standards No. 61. The committee has discussed with the independent registered public accounting firm the auditors' independence from management, including the implications of the SEC regulations regarding the provisions of non-audit services by the independent registered public accounting firm and determined that the provisions of the non-audit services were not inconsistent with the independent registered public accounting firm's status as independent registered public accounting firm. In addition, the committee received the written disclosures and letter from the independent registered public accounting firm required by the Independence Standards Board, Standard No. 1.

During the year 2004, management completed the documentation, testing and evaluation of the company's system of internal control over financial reporting in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act of 2002 and related regulations. The Audit Committee was kept apprised of the progress of the evaluation and provided oversight and advice to management during the process. In connection with this oversight, the Committee received periodic updates provided by management and PricewaterhouseCoopers LLP at each regularly scheduled Committee meeting. At the conclusion of the process, management provided the Committee with a report on the effectiveness of the Company's internal control over financial reporting. The Committee also reviewed the report of management contained in the Company's Annual Report on Form 10-K for the

fiscal year ended December 31, 2004 filed with the SEC, as well as PricewaterhouseCoopers LLP's Report of Independent Registered Public Accounting Firm (included in the Company's Annual Report on Form 10-K). This report related to its audit of (i) the consolidated financial statements, (ii) management's assessment of the effectiveness of internal control over financial reporting and (iii) the effectiveness of internal control over financial reporting. The Committee continues to oversee the company's efforts related to its internal control over financial reporting and management's preparations for the evaluation in fiscal 2005.

Based on the above-mentioned review and discussions with management and the independent registered public accounting firm,

the committee recommended to the Board that our audited financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2004, for filing with the Securities and Exchange Commission.

Each member of our Audit Committee is financially literate, knowledgeable and qualified to review financial statements. The Board has determined that each member of the Audit Committee qualifies as an "audit committee financial expert" under the rules of the SEC.

Don Cook – Chairman
 J. Michael Adcock
 William B. Morgan

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditor

Consistent with SEC policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent registered public accounting firm. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm.

Before engagement of the independent registered public accounting firm for the next year's audit, management will submit a list of services and related fees expected to be rendered during that year within each of the following four categories of services to the Audit Committee for approval:

1. **Audit** services include audit work performed on the financial statements, internal control over financial reporting, as well as work that generally only the independent registered public accounting firm can reasonably be expected to provide, including comfort letters, statutory audits, and discussions surrounding the proper application of financial accounting and/or reporting standards.
2. **Audit-Related** services are for assurance and related services that are traditionally performed by the independent registered public accounting firm, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.

3. **Tax** services include all services, except those services specifically related to the audit of the financial statements, performed by the independent registered public accounting firm's tax personnel, including tax analysis; assisting with coordination of execution of tax related activities, primarily in the area of corporate development; supporting other tax related regulatory requirements; and tax compliance and reporting.
4. **Other Fees** are those associated with services not captured in the other categories. The company generally doesn't request such services from the independent registered public accounting firm.

Before engagement, the Audit Committee pre-approves the independent registered public accounting firms services within each category. The fees are budgeted and the Audit Committee requires the independent registered public accounting firm and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent registered public accounting firm's for additional services not contemplated in the original pre-approval categories. In those instances, the Audit Committee requires specific pre-approval before engaging the independent registered public accounting firm.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2004, the following directors (none of whom was or had been an officer or employee of the company or any of its subsidiaries) served on the Compensation Committee: J. Michael Adcock, William B. Morgan and John H. Williams. As previously noted, Mr. Zink passed

away in February 2005 and the Board of Directors elected Mr. Don Cook to replace him on the Compensation Committee. There are no committee interlocks with other companies within the meaning of the Securities and Exchange Commission's rules during 2004.
